

NASA Intercenter Events: Fall, 1991

2-Miler

If ever there was a perfect day for running, it was October 9, the 33rd NASA Intercenter 2-Miler at Goddard. Nearly 650 turned out, but Ed Boggess (9:55) bested everyone for a men's open first-place finish. Lani Williams (13:09), women's open first-placer, was 41st overall, a number that also happens to be her age. Chuck Johnson, men's masters winner in 12:16, bettered his spring time by 45 seconds. ???? claimed the women's masters title with a speedy ?::?.

The team participation contest once again pitted *Fed Ups* against *Communicators*, but those *Communicators* took the trophy. For speediest team, it was the *Fed Ups*.

Associate Center director Dr. James Trainor got the race off to a good start. Race director Diane Kolos staged an event that *looked* effortless, assisted by announcer John Sissala, finish line chief Ken Brown and helpful volunteers at Building 2 and around Goddard.
